RAT BARROW stands for Ride on, Articulated, Tipping Barrow with a top speed of 10kph.

Safe and stable ride with incredible manoeuvrability, with loads up to 200kg

Powered by a key start 8.75 Professional Series Briggs and Stratton engine coupled with a Tuff Torq hydrostatic transmission provides a reliable low maintenance drive train.

The RAT BARROWS frame is powder coated in Black Hammertone with UV stabilised poly tub and guards, which are completed with stainless steel fittings which means your RAT BARROW will handle all the elements and last a lifetime.

Length: 2.3 metres

Note: Transporting the RAT BARROW requires a medium to large trailer.

Engine Technology	Single cylinder, 4 stroke, OHV
Displacement	190cc
Engine Power	12Nm @2,600rpm
Cooling	Air
Governor	Mechanical
Electrical System	12 volts
Start	Key or Pull start backup

FUEL SYSTEM

Fuel	Premium Unleaded
Fuel Tank Capacity	6.5L (approx. 3½hr runtime)

TRANSMISSION

Drive System	Hydrostatic Drive
Forward Speed	0-10kph (6mph)
Reverse Speed	0-10kph (6mph)

GENERAL

Steering Type	Articulated
Turning Circle	3.5m
Incline Capability	Up to 15 degrees
Clearance	135mm

BRAKES

Drive	Internal wet disc
Park Brake	Yes

TUB

Material	Rotational Moulded Polyethylene
Load Capacity	200kg (440 lbs)
Load Volume	150L (40 US Gal)

TYRES

Front	Turf 16x6.5-8
Back	Turf 18x8-8

DIMENSIONS

Length	2.3m
Width	1m
Height	1.4m (ship height 0.9)
Gross Weight	211kg

WARRANTY

Engine	
Consumer Use	24 months
Commercial Use	3 months
Body	12 months
Powder Coating	18 months
