GET THE JOB DONE!

Introducing the...

PARROT BEAK FENCING PLIER

Professional-grade fencing plier made from forged alloy steel for superior strength and durability. Designed for hammering, removing staples, stretching & splicing wires, also includes two wire cutters. Soft grip handle to reduce fatigue. Fantastic multi-tool!

AgBoss

PARROT BEAK FENCING PLIER

The AgBoss Parrot Beak Fencing Plier is made from Forged Alloy Steel for durability, machined jaws for maximum gripping strength.

It features triple injected grips for comfort and fatigue reduction when cutting, twisting or crimping wire, has extra long handles for better leverage.

Includes pliers for stretching and twisting wire, has 2 wire cutters (suitable for 1.2mm wire) for cutting fence wire.

A hammer face for striking nails and staples.

A staple holder and puller for easy staple removal with crimping jaws for splicing wire.

Designed for heavy duty work, a fantastic multi-tool to get your fencing jobs done!
